

## CONTRIBUTION FOR GROUPS

### 8<sup>th</sup> July- ENOVITIS ETRÊME

#### **TRENTINO**

Enovitis extrême, organised by Unione Italiana Vini in collaboration with Cervim, consists of a day of dynamic tests specifically designed for heroic viticulture and professionals working in the field. It is a spin-off of *Enovitis in campo*, an event organised by Unione Italiana Vini since 1998, whose particular formula makes it to date the only "fair in the field" able to offer winegrowers, technicians and wine entrepreneurs a vast and complete product range as well as guidance and advice to facilitate their decisions

Enovitis extrême is the first fair with dynamic tests dedicated entirely to machines, equipment and products for mountain viticulture.

In addition to the purely technological aspects, the event is also an excellent opportunity to highlight the peculiarities and social and productive specificities of the area in which the event takes place

### A MUST FOR WINEGROWERS

#### **EVEN BETTER IN A GROUP**

Admission to the event is free upon registration. For organised groups, special conditions and concessions summarised in the attached form are offered.

To take advantage of the offer, we kindly invite you to return the form as soon as possible and in any case by 3<sup>rd</sup> July applications will be accepted until all available resources run out.

We look forward to seeing you!
